

O nas

Projekt DigitalFashion omogoča izobraževalnim ustanovam uvajanje novih digitalnih metod usposabljanja, ki študentom in strokovnjakom omogočajo hitro obvladovanje ključnih tehnologij za načrtovanje in proizvodnjo izdelkov po meri v virtualnem okolju ter izkoristijo znanje v celotni dobavni verigi.

To znanje temelji predvsem na digitalizaciji, ki je skupna in pomembna tema za vse partnerske države.
